Math Word Problems

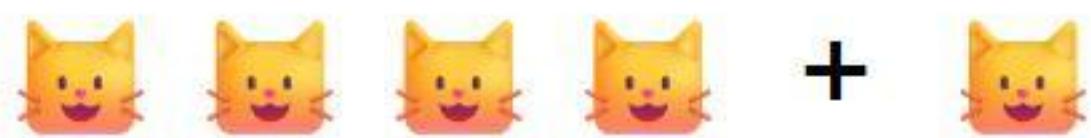

Read the story, count the pictures, and write the answer in the box.

1. Tom has 2 red apples. He buys 3 green apples. How many apples does he have in total?

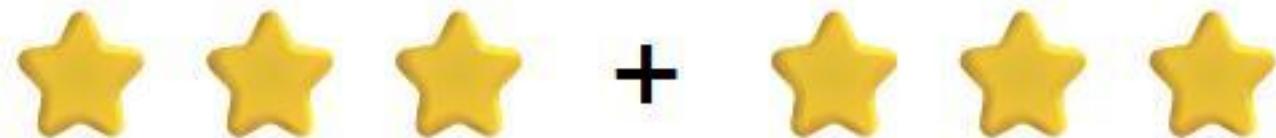

$$2 + 3 = \boxed{}$$

2. There are 4 cats sitting. 1 more cat joins them. How many cats are there now?

$$4 + 1 = \boxed{}$$

3. You have 3 yellow stars. You find 3 more stars. How many stars do you have?

$$3 + 3 = \boxed{}$$

4. Five bees are flying. Two bees are on a flower. How many bees in all?

$$5 + 2 = \boxed{}$$

5. I see 6 balls. My friend brings 2 balls. How many balls altogether?

$$6 + 2 = \boxed{}$$
